## HURRICANE SODA

Hurricane Soda is made by old traditional craftsmanship, by adding sodium carbonate during the manufacturing process, bubbles appear inside the glass. The lamp is completely unique and no lamp is the same as the next. The lamp gets its individual character with many bubbles or just a few, which then form a specific pattern, unique to that one particular lamp.

## HURRICANE ARABESCATO

Our new lamp, Hurricane Arabescato is inspired by the Italian premium marble Arabescato - a classic Italian marble exhibiting thick black veins on a white background, synonymous with opulence and luxury. Arabescato goes with contemporary or traditional interiors and always looks fantastic. Similar to a marble slab, not two Hurricanes are alike, ensuring every piece is truly unique. Through a series of steps, opal glass is dressed in carbon powder and flakes of opal glass, and then beautifully coated in layers of clear glass. It is available in two sizes, medium and large, and makes a fantastic addition to our existing collections.
