## HOLIDAY 2025

CHIC ON

EARTH

# CHIC ON EARTH

Most people say that when giving a gift it's the "thought that counts." But wouldn't you rather have a porcelain greyhound salt cellar or a stack of jewel-toned lacquer boxes or a brass and malachite mushroom-shaped pill holder than a silly old thought? Does a thought look good on a cocktail table or work with your color scheme? I thought not! So, this holiday, I've done the thinking for you and created a plethora of sublime *objets* that your friends and family will appreciate much more than a thought.

Wishing you peace and love and chic on earth!

xox,

Jonathan
