## SKOGSBERG & SMART

Skogsberg & Smart is a dynamic, innovative luxury goods company specialised in creating bespoke home accents. Founded in 2008 with the launch of the signature hand blown Hurricane Lamp, Skogsberg & Smart has since created a number of exquisite glass pieces to compliment any sophisticated environment.

The intricate, daring designs are made by highly skilled artisans in the Czech territory of Bohemia, home of the world's most famous glass blowers. All of Skogsberg & Smart's pieces are hand blown and hand painted, ensuring that each and every one is unique and original.

The eponymous company is owned by Magnus Skogsberg and Mimmi Smart; with over 30 years of combined creative experience in the advertising and media fields they established channel their own ingenuity.

## CLASSIC COLLECTION

Hurricane Classic in Silver, Gold and Bronze, are hand-painted in metallic colours which gives the lamp a vibrant and very special transparent glow in lit conditions. Hurricane Classic White are made in opaline glass. They give a warm and soft light when they light in the dark.

Every piece is one-of-a-kind with its own unique variations, creating the most beautiful light possible. The signature fire polished edge gives the lamp its quality trademark.

## CRYSTAL COLLECTION

Magnificently cut by skilled crystal, this lamp illuminates your home with artful brilliance. The reflection from a truly unique light.

Mix it with the other sizes and colours to create a bespoke feel to your home.

## BOULE COLLECTION

The optic bubbles in Hurricane Boule create a shimmering light with a cool 70's vibe. Available in many different colours, they will add interest to any home.

The bubbles, created in a cast-iron mold, gives each Hurricane Boule its own unique pattern and luxuriously weighty feel.

## **BOULE PLATEAU**

Hurricane Boule Plateau is yet another example of our exquisite artisan craftsmanship. By organising items on a beautiful tray your home will look less cluttered.

## SPRITZ COLLECTION

Hurricane Spritz is created by using an ancient glass-blowing technique. The hot glass is pressed into a unique metal mold and thereafter we are adding sodium carbonate during the manufacturing process.

This enables bubbles to appear, like magic, inside the glass creating the distinct pattern. On the top edge you

can feel the bubbles, almost like a fossil or a fingerprint.

Each piece is entirely unique in appearance.

## CANDY COLLECTION

Hurricane Candy is individually crafted by hand, which allows the concentrated colour pigment to be embedded within the clear glass mass.

Its fre-polished edge is a

accordance with old glassblowing tradition.

When lit Hurricane Candy provides a vibrant and special glow.
