

STACKELBERGS

A wooden chair with a light-colored frame is positioned outdoors. A thick, red, fringed blanket is draped over the back of the chair. The blanket has a small, dark tag attached to it. The background features a rustic stone wall and a body of water. The scene is brightly lit, suggesting a sunny day.

Welcome to Stackelbergs

Stackelbergs is a family-owned company that specializes in stylish and timeless wool and mohair throws of the highest quality. For over 15 years, we have produced our blankets with our design according to traditional craft methods and today we are one of the largest in the Europe within our segment. The blankets are made from natural materials by the best producers and sold only to quality stores throughout Europe. Our production is located at the best in Italy, South Africa and Ukraine.

We are proud to be the first to produce an entire collection of RMS-certified mohair. We always try to be at the forefront and take part in new, exciting and necessary developments. For us, it is important that production and choice of materials leave as small an impact on the environment as possible while you get a fantastic product. For example, we have opted out of acrylic and artificial materials as much as possible and only use this when it adds extra comfort, care and strength to our products.

Thanks to our long experience and deep knowledge, we can offer you and your customers unique plaids and accessories that more and more people appreciate. We can also provide customized products for prestigious projects where special design and high quality are required.

With handmade fringes, high quality materials and a range of modern colours, a product from Stackelbergs will always bring comfort and exclusivity to its owner. For daily care and a long-lasting product, or just curious about us and what we do, find out more on

Anna-Carin Stackelberg

Our Core Collection

Tradition, genuine craftsmanship and high quality – Stackelbergs has taken care of what is worth preserving in its collection of mohair throws. Particularly distinctive are all the beautiful colors and the rolling fringes, which are made by hand according to old craft tradition and give the plaids that little something extra. In order to meet the high-quality standards, the blankets are manufactured by some of the world's leading producers of mohair blankets in South Africa.

The Mohair Core Collection is made from 70% Mohair wool, 25% Wool and 5% Nylon binding. All plaids measure 130 x 170 cm. All OEKOTEX certified.

If you use your plaid frequently, the brushed fibers may shrink slightly after a while. You can then very easily get it almost like new by using a regular clothes brush and brushing it up again.

Should you happen to get a stain on your plaid, you can easily remove it with a damp cloth and mild detergent. We do not recommend that you wash your plaid, but instead it should be aired. If, against all odds, you need to wash the plaid, it should always be dry-cleaned.

Co-lab Rosehof Art Factory & Stackelbergs

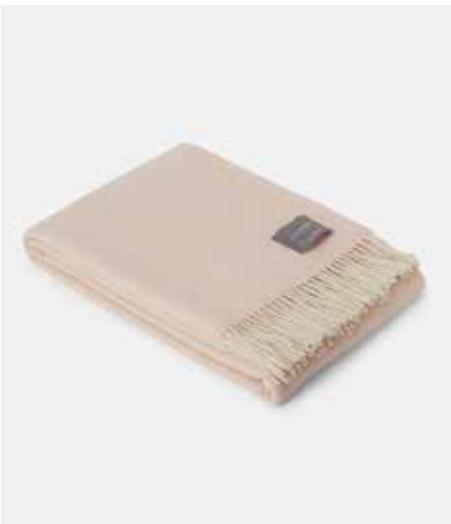

“A compilation of patterns, inspired by the beauty and the magic of Villa San Michele, Ana Capri. The place where Axel Munthe lived and loved and were I had the opportunity to stay for a moment in my life. Biblioteca is a reflection and graphic stylized approach of the Italian architecture, the sanctuary garden of the monastery, the botanical flora of

herbs and plants and the interior still life study of Villa San Michele”. Rosenhof Art Factory is a design & style company based in Stockholm, Sweden, founded by designer Viktoria Hamberger.

All blankets in size 130 x 170 with lagging seam in matching thread. 80 % Wool and 20 % Polyamide.

9140 AURORA Boreas

Co-lab Lisa Hilland & Stackelbergs

AURORA collection of colourful and playful blankets for Stackelbergs, celebrating Scandinavian nature, inspired by the night sky, Aurora Borealis in northern Sweden. Hand-made in finest quality materials, in legacy of Stackelbergs with design of Lisa Hilland.

Designer Lisa Hilland has her roots in Jämtland, Northern Sweden and remembers childhood clear winter nights, looking up to a star sprinkled sky hoping to catch the sight of Aurora Borealis, the Northern Lights. When designer Lisa Hilland and founder Anna-Carin Stackelberg met, they

found common ground not only in their shared passion for nature, but also in terms of their sense of quality and design. Stackelbergs profound experience of textile production, combined with the contemporary design style of Hilland resulted in the colorful AURORA series, highest quality and design, handmade in Italy.

The AURORA collection is available in five lovely patterns, all inspired of Northern light, 130 x 190 cm including fringes, machine washable in 80 % Wool and 20 % Polyamide.
